

HLG SYSTEM – THE SUSTAINABLE PROTECTION Prevent Graffiti, Reduces costs, & Increase efficiency

Glass Cover is the leader in graffiti prevention New to North America

Glass Cover is a permanent anti-graffiti coating with many attributes including:

- Permanent - life span of 15-20 years
- Anti graffiti – graffiti can be cleaned with rubbing alcohol
- Anti stickers – easy removal of all stickers and posters
- Water Resistant
- UV Protection – colors will not fade
- Acid Protection – bird droppings etc..
- Breathable – will not damage underlying surface
- Self Cleaning – rain will clean surface
- Non Oxidizing – no rust
- Can be applied to any surface (concrete, brick, stone, plastic, metal etc..)
- Easy application
- Multiple colors available

This product has been in use in Spain for over 8 years. It covers over 110,000 elements in Barcelona and has reduced costs from 39 Euros per square meter to 4 Euros. The product is now a requirement for any maintenance work on any outdoor elements in the city.

This product once applied allows anyone to wash off graffiti with rubbing alcohol on any surface right away. The product is proven to reduce graffiti 60% in 1 year and over 88% within 4 years while reducing cost by more than 50%

We currently work with the cities across Canada including, Montreal, Toronto, Brossard, and Vancouver as well as many private real estate owners. We have proven that graffiti can be prevented and stopped.
